

Mendel Epstein

Associate

mendel.epstein@wilsonelser.com

New York, NY – 212.915.5237

Mendel Epstein advises clients on data breach response and implementation of measures designed to comply with legal obligations and prevent data intrusion. He assists with forensic analyses, engaging experts specially chosen to enhance protection of privileged and confidential communications, to determine the cause of the breach and identify what data was at risk. Results guide the implementation of measures designed to comply with legal obligations and prevent additional data intrusion.
